10	I don't feel safe about the homeless vagrants at the downtown Public Main Library. I complained to the police but they did nothing. They were apathetic. They told me they were legally allowed to be there. I told them that one of them appeared mentally ill or drug-induced as he lunged at me walking by. They still did not care and did nothing. :( I do NOT feel safe and never want to return to the library ever again. :( I do not feel that this is fair that the city does not keep this safe so that we can use this vitally important resource in the community. >:(	Aug 4, 2011 7:21 PM

23	the vacant parking lot where acres of books still sits should be multi-tiered parking lot that charges \$5 and has security and encourages people to come to downtown. Also something needs to be done about the metro...it is so disgusting. Just start charging \$6 bucks each way to LA and make it a nice train and have police officers actually checking for tickets. If the cost went up and there were actual ticket checkpoints, then it would be a much safer ride and people would actually come to long beach from la to hangout.	Aug 3, 2011 5:27 PM

12	the reason downtown long beach is failing (business wise) is because there is not enough public parking. That is why the city should have parking lots (garages that are nice and safe with security) that attract people to come and hangout at night in downtown long beach. That is the first problem you have to fix before you build more businesses. You can have all the businesses in the world but if there is nowhere to park then they are all going to fail. 1	improving streets and alley ways	Aug 15, 2011 2:11 PM
2	Make it more cohesive. The different areas in downtown all feel like isolated little islands. You walk one or 2 blocks outside of them and it's like you left Disneyland and ended up in Compton. You don't feel safe. Despite all the renovations that were made to 1st street to make the transit mall area safer, I still don't feel safe being there after dark. The area was filled with people shouting hateful homophobic epithets the Sunday night after Pride ended in May and no security people did anything about it. That doesn't make me feel safe when a gang of people are allowed to act that way.	Aug 13, 2011 7:08 PM

10	Close Pine Avenue down to traffic from 5th to 3rd Street. Similar to 3rd Street Promenade in Santa Monica. Allow cross traffic to go through. Make this a huge urban renewal project. Get businesses in place, have a large unveiling! Pacific Avenue & Long Beach Blvd can handle the traffic. Making this Pine Avenue a DESTINATION will bring people from the Aquarium (a success) and be willing to spend while on vacation (let's let them go home happy and want to return).	Aug 10, 2011 5:20 PM

58	Dissolve the DLBA, and let businesses and residents keep their money. Most of the participating businesses do not benefit from foot traffic. Nearly all the efforts by the DLBA seem to be focused on helping dining and retail, yet the majority of businesses are neither. Also, despite their best efforts, dining and retail occupancy continues to decline. Time for a new paradigm.	Aug 5, 2011 6:21 AM

64	Decrease rents in the downtown area as they are too high. This may reduce the homeless rate. Moving out the homeless from the area is not necessarily a good thing, treating them, housing them appropriately may be as many are families who have fallen on hard times or vets who are served this Country and deserve assistance. Hiring some of those who need help in a do minimal part-time work for housing program in the City would perhaps serve the City as well as the homeless.	Aug 5, 2011 2:32 AM

73	Homelessness	Aug 4, 2011 7:59 PM
74	1) Decrease bus fares-especially for disabled passengers. (2) I feel that it was a waste of money and not a good idea when the city replaced many/most of the bus shelters (roofs) over the benches that were solid with ones that were bars. These do not shade passengers from the hot sun in the summer like the solid ones did.They also do not protect passengers from the rain as the solid ones did. It appears as if they were replaced merely for aesthetic beauty/design and NOT for functionality nor efficiency. This was a poor decision in my opinion. (3) There are many bus stops that still do not have any bus benches nor shelter roofs at all. This would be a necessity--especially for elderly, disabled, pregnant women, people carrying heavy items and for very long waits, etc. (4) I feel that many of the street lights are far too dim/dark and need to be brighter for the feeling of security and for actual safety as well.(5) Many streets need to be repaired. (6) The homosexual parades/events are not wholesome for families w/ children to be exposed to,etc. Money allotted to those events could be better spent towards street repairing pot holes in streets, etc. (7) Events disrupting traditional bus routes are very disruptive and inconvenient to passengers causing many to be late to school, work, having no way home, being stranded, causing confusion,etc.Better planning to prevent disruption to regular bus routes during city events would be a great help to the community and is a higher priority and necessity for people to get to where they need to be (work,etc.) than for events that are more of a fun, frivolous nature.	Aug 4, 2011 7:38 PM
75	bring rent down for retail spaces. get mom/pop shops in there (solid downtowns don't build around big-bog shops, healthy business life attracts big-box). —and— clean teams should start their work at 5am. cleaning bus stops and sidewalks at 2pm ruins downtown experiences.	Aug 4, 2011 7:05 PM
76	I want to see more music on Pacific Ave. And Art in the park, more instillations from Welder artists Less dog parks. People should be given dog bags to people who walk their dogs by the clean team, the owner may have forgotten to take one. And more waste recepticals for a person who has a dog to put the bags in.	Aug 4, 2011 6:31 PM
77	The main focus of any project/committee/funding should be in bringing downtown back to life. Serving as the destination for locals and a realistic option for out-of-towners would bring badly needed funds to the area which could be the basis for resolving the other projects on the above list. The semi-dead downtown almost qualifies as blight and is adding to the deterioration of the surrounding neighborhoods.	Aug 4, 2011 6:08 PM

85	I have lived and worked in the East Village for almost 9 years and I love it here. However, the most troubling issue I seeing continuously is the problem of poor management of crime in the downtown area. There is way too much graffiti, theft, and other crime in this area. There is a group of teenage boys for instance that I have seen on skateboards roaming around in the evening hours shouting that they want to make some trouble. There is constant application of graffiti on my business windows and theft from my business.	Aug 4, 2011 5:02 PM

I know the housing market is tough, but let's get some developers putting up condos and apartments on those vacant lots and let's bulldoze all of those run down buildings. It was also very confusing, inconvenient, disruptive when the city did construction on the bus depot area and displaced all of the buses to different route end stops w/o any way of notifying any passengers. There was no communication communicated to the passengers that that was a factor to be rerouted (to walk elsewhere) nor WHERE to relocate for which bus. This was very POOR planning/organizing/managing. NOT cool. Please prevent this in the future. Thank you.	Aug 4, 2011 7:44 PM

program aimed at window taggers. Taggers get freedom to etch any window they want and there's no security in place to prevent and there are no programs in place to help business owners and residents with paying for removal. It's an old problem that still persists. Addressing this would make ME happy because I'm tired of how it's affected me for a decade of living and working here in downtown. This really has less to do with the "infrastructure" question, but it's the answer I'm going to give.

**Page 5, Q14. In your opinion, what should the PBID's role be relative to homeless issues?**

1	Help the homeless into programs to get them jobs and off the street.	Aug 13, 2011 7:14 PM
2	Assist in controlling influx of trancients.	Aug 11, 2011 11:03 PM
3	Help those in need find the proper resources (Guides), while reporting those that cause problems (e.g., breaking the law) to the police (Guides as extra eyes of the LBPD). Also, work to reduce areas that attract the homeless (e.g., replacement of benches that "encourage" sleeping, especially overnight).	Aug 11, 2011 2:53 PM
4	Yes, because they are viewed as the true Long Beach Community. If we don't help the least of these then we are viewed as a place that doesn't care about it's people.	Aug 11, 2011 11:07 AM
5	don't let them loiter around. move shelters and food banks further away.	Aug 11, 2011 11:01 AM
6	get them out of downtown. I often step over them as I enter my business or try to park in my parking space	Aug 11, 2011 6:28 AM
7	Downtown is the dumping ground for the homeless, all buses and trains lead here. Put them to work by cleaning. Partner with non-profits that end homelessness rather than enable it. Stop allowing outsiders to come have feedings at Lincoln Park. Provide metro tokens out of Long Beach.	Aug 10, 2011 5:52 PM
8	Refer people to the proper places ..mental health - elderly care - teen runaways - shelters - multi service center...	Aug 9, 2011 10:39 PM
9	Let's face it, the homeless do have rights, BUT a tattered man sleeping on the sidewalk ruins the ambiance of romantic dinner and walk downtown. Whatever PBID can do legally to keep the homeless from begging and sleeping on the sidewalks would be wonderful.	Aug 9, 2011 7:44 PM
10	Work in any and every way possible to alleviate the issue in downtown.	Aug 9, 2011 4:13 PM
11	Coordinate with social services	Aug 9, 2011 10:00 AM
12	Funding	Aug 9, 2011 2:41 AM
13	I'm not sure what PBID's role specifically should be but people don't like to be constantly accosted and asked for money which happens a lot now.	Aug 8, 2011 3:21 PM
14	Keep them away from ATMs, bus stops; address issues of more aggressive panhandlers.	Aug 8, 2011 11:44 AM
15	more shelters	Aug 8, 2011 10:14 AM

19	Not sure	Aug 8, 2011 8:37 AM
20	I don't know if there is a solution. Many homeless have mental health issues.	Aug 8, 2011 7:25 AM

**Page 5, Q14. In your opinion, what should the PBID's role be relative to homeless issues?**

	Others just want jobs. I guess you would need to support some type facility that offers assistance. I see the food banks and churches with lines of people looking for food. Maybe have a downtown food drive to help stock the kitchens.	
21	The PBID could work with law enforcement and shelters to track homeless individuals that have been involved in criminal activities and ban them from access to shelters in the city for a 12 month period; and or require them to perform some community service for access to shelters	Aug 7, 2011 4:47 PM
22	not sure	Aug 7, 2011 2:21 PM
23	More assistance could be used in getting these people some place to go, hopefully for long term help, rather than just hanging out around the libraby and civic center.	Aug 7, 2011 12:28 PM
24	Referring the homeless to safe areas so that they are not hanging out by the library. The presence of the homeless at the library make many weary of going to the library, especially those with kids.	Aug 7, 2011 12:25 PM
25	Help those who want help.	Aug 7, 2011 11:49 AM
26	I know that a project to survey the homeless is underway, but there needs to be a way to educate them about what LB resources are available to them. I'm tired of being panhandled everytime I go to a store and/or gas station in the area.	Aug 7, 2011 10:07 AM
27	Support business and Police efforts to eliminate panhandling and direct homeless to shelters and off of our downtown streets	Aug 7, 2011 3:42 AM
28	Build Shelters...they are VICTIMS and we need to some responsibility....RIGHT ?	Aug 6, 2011 9:14 PM
29	just to try to keep them away....	Aug 6, 2011 5:29 PM
30	The issue is a problem, but I don't know the solution.	Aug 6, 2011 9:10 AM
31	Homeless people are part of the foundation of the small business income in our city. Take them out and a lot of businesses will go under. Leave them alone, unless you plan to create shelter programs in churches or other public structures during raining or freezing weather. I walk around daily when homeless people are out in early AM. NO PROBLEM to me or others. I assure you	Aug 6, 2011 8:09 AM
32	Get them off the streets begging for money	Aug 6, 2011 1:26 AM
33	More info of help they can get	Aug 5, 2011 5:46 PM
34	ahh if there was a shelter for sleeping in at night ...wouldnt transportation to it be great?? no one wants vagrancy..its scary.and it makes people me included not want to stay around.	Aug 5, 2011 5:08 PM
35	Work with the City to create places where homeless people do not feel inclined to congregate.	Aug 5, 2011 4:16 PM
36	It doesn't seem to me much of a problem anymore.	Aug 5, 2011 3:59 PM

**Page 5, Q14. In your opinion, what should the PBID's role be relative to homeless issues?**

37	Take them to the mission.	Aug 5, 2011 3:10 PM
38	Homelessness is a city hall issue, and the social welfare system. Shelters should be provided through increased tax revenue, but we all know how residents feel about tax increases. Its a shame!!	Aug 5, 2011 2:01 PM
39	Realize that they are not homeless but fo the most part they are bums.	Aug 5, 2011 1:09 PM
40	remove	Aug 5, 2011 12:04 PM
41	this is a difficult question as well as a difficult dilemma; don't know what your org can really do as this issue requires numerous levels of support from political,financial, social fronts from civic, govt and community organizations.	Aug 5, 2011 11:13 AM
42	Keep them off of the street and infront of storefront entrances. I dont have a solution of where they can go, but it doesnt look good and Im sure it is more work for store owners.	Aug 5, 2011 11:01 AM
43	offering them resources or addresses that will provide them shelter	Aug 5, 2011 10:32 AM

84	I think homelessness has been taken care of considerably but the greater category of mentally unstable people need to be factored in as well. The library area is such a haven for those people because that grassy hill/pavilion is always closed and not used for anything. If that was redeveloped into a community center or something that might improve things. Also, the corner of Pine & Ocean needs some work. The empty parking lot and abandoned building either need to be torn down or redeveloped into something that helps the city.	Aug 4, 2011 3:25 PM

90	DT Long Beach needs to increase density so that more people live in DT, and thus merchants are not relying on people driving in from some other city to spend money. But at the same time, it needs to get rid of all of those buildings that attract people who are living on the margin. You pay \$400,000 for a nice condo in the heart of the action, and two blocks away are dumpy buildings filled with drug addicts, gang members and lowlifes. Long Beach is a big city. Everyone cannot live DT. Move those people who are living on the margin to North Long Beach and get people living in DT who have enough money to pay taxes that provide city services and support local merchants. If the DLBA does not aggressively and proactively advocate against the City's proposed changes to the conditions of the Downtown Dining and Entertainment District, they will surely disrupt the vision outlined for the District 7 years ago, and pursued for all these many years. These proposed amendments will destroy the very character and nature of the District, and further reduce the ability of local businesses to be successful. 51	Yes the homeless, my suggestion is to dress them up, so they look good free haircuts, make a home for them, and give them something todo. Teach them how to live life again. Not be lost in the war they might of fought in. Stop the rape of homelsss women. They may of been in Vietnam or Irag. Help them help them elves. Orange county does something to help them how come you have not adressed this. They do not have to be hopeless.they have tobe understood. More people are not getting jobs you are going to be burdened even more. So you should help them. With good mental health and give them something to shoot for good mental health. A few good shelters forthem would be a great thing that Long Beach could do. You could teach them to be artists. I would help you. My husband was a homeless person that suffered from PTSD. I could not reach him. He had alshimers. It was so sad. If he had, a place to go and get off the street, he migt of stayed a live a little longer. He was an unsoldier hired by the CIA and he hwas not killed, he just killed women and children. He was in terror all the time. He died out there. There are more people like them, turning up like this. We have to help them. We need more compassion. I am a vet also. I was not in a war I was in peace time.	Aug 4, 2011 7:01 PM

**Page 8, Q19. The continuation of the PBID will mark the first time that owner-occupied residential property owners will contribute to the PBID. In your opinion, which do you think is more fair for residential contributions?**

1	we do not benefit and should not be charged - disband this group	Aug 10, 2011 1:07 PM
2	You are after the property owners who pay property taxes but once again, the renters are not required to contribute?	Aug 7, 2011 3:15 PM
3	Is this voluntary? Question is unclear.	Aug 5, 2011 3:40 PM
4	need more explanation on what this entails	Aug 5, 2011 12:23 AM
5	Do not support taxing property owners to support this organization - it has provided no benefit nor included homeowners - this is a business organization - who are you kidding?	Aug 4, 2011 7:26 PM
6	Why only owner-occupied residences? Don't all owners have an interest whether the units are occupied by owner or not. The flat rate seems fairest since enjoyment of the neighborhood is not proportionate to the size of your home.	Aug 4, 2011 6:01 PM
7	do not charge residents for this crap - what you do is only self serving and does little to make our quality of life better... I simply won't pay	Aug 4, 2011 5:40 PM
8	A rate proportionate to the value of the residential unit	Aug 4, 2011 5:25 PM
9	Are you considering adding a property tax, if so how will this benefit the residents of downtown.	Aug 4, 2011 5:24 PM
10	Why are you restricting it to owner-occupied? Why don't all residential property owners contribute? I suggest a flat rate because a larger property does not necessarily benefit any more than a small property. Plus, flat rate is easy to account for.	Aug 4, 2011 3:16 PM
11	As long as property owners receive services for their contribution.	Aug 4, 2011 3:14 PM
12	none, i only wish to contribute to the clean and safe team, NOT the DLBA.	Aug 4, 2011 2:50 PM
13	I am not sure the answer I checked is the best solution. but a flat rate is unfair there are many people who can not afford the same. and they don't live in the same areas with the same issue to be looked at.	Aug 3, 2011 6:13 PM
