Construction Activity – Four Week Look Ahead

- Locations & Type of Construction Activity:
  - Cat tracking and striping followed by bike lane bollard installation as well as parking meters
  - Traffic control. This traffic control will restrict the entire corridor to one lane only during construction hours but will open up to two lanes during non-construction hours.
  - Work will begin on Broadway near the 710, heading east, & on 3rd Street near Alamitos, heading west.

- Construction Hours: 7:00 am to 4:00 PM

- Impacts:
  - Lane restrictions:
    - Only one lane will be available during construction hours and on 3/4/19
    - Two lines will be available throughout the length of the project during non-construction hours.
    - Parking will be available in the coned areas where construction is not occurring. This will not be advertised. Parking is allowed overnight however, vehicles must clear out by 7:00AM
  - Once parking meters are installed, parking enforcement will resume
  - The bike lane is closed
  - Pedestrian access is 100% and detours are provided (w/ flagman in some cases) where construction activities necessitate a closure of the sidewalk.
  - Temporary Bus stops are in operation.

- The Contractor is currently trying to complete striping by end of March. (Weather permitting)
To learn more about the project visit DowntownLongBeach.org/construction. For questions and concerns call the City of Long Beach Public Works hotline (562) 463-4465.

Construction: Week of 2/4/19

Construction Activity – two week look ahead

• **Locations & Type of Construction Activity:**
  - Grind and pave operations
  - Traffic control. This traffic control will restrict the entire corridor to one lane only with extremely limited parking due to the paving and related trucking operations.
  - Paving work will begin on Broadway near the 710, heading east, & on 3rd Street near Alamitos, heading west.

• **Construction Hours:** 7:00 am to 4:00 PM

• **Impacts:**
  - Lane restrictions (sometimes only 1 lane) throughout the length of the project. Parking will be available in the coned areas where construction is not occurring. This will not be advertised. Parking is allowed overnight however, vehicles **must clear out by 7:00AM**
  - The bike lane is **closed**
  - Pedestrian access is 100% and detours are provided (w/ flagman in some cases) where construction activities necessitate a closure of the sidewalk.
  - Temporary Bus stops are in operation.

• **The Contractor is currently trying to complete striping**
by end of February.

To learn more about the project visit DowntownLongBeach.org/construction. For questions and concerns call the City of Long Beach Public Works hotline (562) 463-4465.

---

**Construction: Week of 1/16/19**

Construction Activity – two week look ahead (no work predicted next week because of rain)

- **Locations & Type of Construction Activity:**
  - Traffic control. This traffic control will restrict the entire corridor to one lane only with limited parking due to the bus island construction.
  - **Broadway**
    - Segment 1 – Shoreline to Pacific:
      - On hold for Grind and overlay.
    - Segment 2 – South Side of street from Pacific to Alamitos:
      - Fill in all missing sidewalk areas
      - Replace Curb Ramps and alley driveways
      - Punchlist work
      - Start Traffic Signal work
  - **3rd Street**
    - Segment 1 – Pacific to Golden:
      - On hold for Grind and overlay.
    - Segment 2 – North side of street from Pacific to Alamitos:
• Fill in all missing sidewalk areas  
• Finish replacement of Curb Ramps and alley driveways  
• Punchlist work  
• Start Traffic Signal work  

**Construction Hours:** 7:00 am to 3:30 pm.  
**Impacts:**  
• Lane restrictions (sometimes only 1 lane) throughout the length of the project. Parking will be available in the coned areas where construction is not occurring. This will not be advertised.  
• The bike lane is closed on both streets indefinitely.  
• Pedestrian access is 100% and detours are provided (w/ flagman in some cases) where construction activities necessitate a closure of the sidewalk.  
• Temporary Bus stops are in operation.  
• The Contractor is currently trying to pave out the job by end of February.

---  

**Construction: Week of 1/2/19**  

**Construction Activity – Jan 2 to Jan 4**  

• **Locations & Type of Construction Activity:**  
  • Segment 2, Phase 2 traffic control. This traffic control will restrict the entire corridor to one lane only with limited parking due to the bus
island construction.

- Broadway, Segment 1 (Shoreline to Pacific):
  - On hold for Grind and overlay.

- Broadway, Segment 2 South Side (Pacific to Alamitos):
  1. Removal of Curb, gutter and sidewalk from Alamitos to Elm including Curb Ramps
  2. Placement of Curb & Gutter, driveways and Curb Ramps
  3. Construct remaining Bus Islands at Atlantic.

- 3\textsuperscript{rd} St, Segment 1 (Golden to Pacific):
  - On hold for Grind and overlay.

- 3rd St, Pacific to Alamitos Segment (North Side):
  - Removal of remaining Curb, gutter and sidewalk from Alamitos to Elm including Curb Ramps
  - Placement of Curb & Gutter, driveways and Curb Ramps.

- **Construction Hours:** Generally 7:00 am to 3:30 pm, however, if demolition or construction needs to occur in front of a business that opens early, work may be scheduled into the early hours of the morning or late in the afternoon with City Engineer approval.

- **Impacts:**
  - Only 1 lane of through traffic will be provided on each street throughout the length of the project. Parking will be available in the coned areas where construction is not occurring. This will not be advertised.
  - The bike lane is closed on both streets indefinitely.
  - Pedestrian access is 100% and detours are provided (w/ flagman in some cases) where construction activities necessitate a closure of the sidewalk.
  - Temporary Bus stops are in operation.
There is a lot of demolition scheduled, we will try to keep it between 8 to 3 if possible.

The Contractor is currently trying to pave out the job by end of February.

To learn more about the project visit DowntownLongBeach.org/construction. For questions and concerns call the City of Long Beach Public Works hotline (562) 463-4465.

Construction: Week of 12/26/18

Construction Activity – Dec 26 to Dec 28

• Locations & Type of Construction Activity:
  • Segment 2, Phase 2 traffic control. This traffic control will restrict the entire corridor to one lane only with limited parking due to the bus island construction.
  • Broadway, Segment 1 (Shoreline to Pacific):

  • On hold for Grind and overlay.

  • Broadway, Segment 2 South Side (Pacific to Alamitos):

  1. Removal of Curb, gutter and sidewalk from Alamitos to Elm including Curb Ramps
  2. Placement of Curb & Gutter, driveways and Curb Ramps
  3. Construct remaining Bus Islands at Atlantic.

  • 3rd St, Segment 1 (Golden to Pacific):
- On hold for Grind and overlay.
  - 3rd St, Pacific to Alamitos Segment (North Side):
    - Removal of remaining Curb, gutter and sidewalk from Alamitos to Elm including Curb Ramps
    - Placement of Curb & Gutter, driveways and Curb Ramps.

- **Construction Hours:** Generally 7:00 am to 3:30 pm, however, if demolition or construction needs to occur in front of a business that opens early, work may be scheduled into the early hours of the morning or late in the afternoon with City Engineer approval.

- **Impacts:**
  - Only 1 lane of through traffic will be provided on each street throughout the length of the project. Parking will be available in the coned areas where construction is not occurring. This will not be advertised.
  - The bike lane is closed on both streets indefinitely.
  - Pedestrian access is 100% and detours are provided (w/ flagman in some cases) where construction activities necessitate a closure of the sidewalk.
  - Temporary Bus stops are in operation.
  - There is a lot of demolition scheduled, we will try to keep it between 8 to 3 if possible.

- The Contractor is currently trying to pave out the job by end of February.

Construction Activity – Dec 17 to Dec 21

- **Locations & Type of Construction Activity:**
  - Segment 2, Phase 2 traffic control. This traffic control will restrict the entire corridor to one lane only with limited parking due to the bus island construction.
  - Broadway, Segment 1 (Shoreline to Pacific):
    - On hold for Grind and overlay.
  - Broadway, Segment 2 South Side (Pacific to Alamitos):
    1. Removal of Curb, gutter and sidewalk from Alamitos to Elm including Curb Ramps
    2. Placement of Curb & Gutter, driveways and Curb Ramps
    3. Construct Bus Islands at Long Beach (2 of them, 1 Bus Island and Lay Over Pad) and Atlantic.
    4. Finish installation of Fiber Optic Conduit from Pacific to the Promenade.
  - 3rd St, Segment 1 (Golden to Pacific):
    - On hold for Grind and overlay.
  - 3rd St, Pacific to Alamitos Segment (North Side):
    - Repair grade and pour Bus Island at the Promenade
    - Removal of remaining Curb, gutter and sidewalk from Alamitos to Elm including Curb Ramps
    - Placement of Curb & Gutter, driveways and Curb Ramps.

**Construction Hours:** Generally 7:00 am to 3:30 pm, however, if demolition or construction needs to occur in
front of a business that opens early, work may be scheduled into the early hours of the morning or late in the afternoon with City Engineer approval.

- **Impacts:**
  - Only 1 lane of through traffic will be provided on each street throughout the length of the project. Parking will be available in the coned areas where construction is not occurring. This will not be advertised.
  - The bike lane is closed on both streets indefinitely.
  - Pedestrian access is 100% and detours are provided (w/ flagman in some cases) where construction activities necessitate a closure of the sidewalk.
  - Temporary Bus stops are in operation.
  - There is a lot of demolition scheduled, we will try to keep it between 8 to 3 if possible.

- **The Contractor is trying to pave out the job after the New Year but the City has added numerous Curb Ramps and Alley Aprons that still need to be removed and replaced.**
