

# Public Service Announcement Video Series

During this time, it is important to remember the individuals and businesses working to maintain and support our Downtown ecosystem. We are excited to debut our Public Service Announcement series, "We're all in this together," which highlights the DLBA Clean and Safe Team members serving our community, as well as Downtown business owners sharing how the public can continue to support them. These videos will be featured on the DLBA social media channels and [Youtube Channel](#).
