Winter Small Business Workshop

The Winter Small Business Workshop Series is another educational resource to help support small business owners in Downtown Long Beach. This three-part series will cover a wide variety of topics important to many small business owners, including legal compliance, tax compliance, developing a brand, and profitability.

Each workshop will be approximately an hour and a half and will occur on the last Saturday of the month, during January, February, and March. We encourage our Downtown business owners to signup for this amazing opportunity here.

Teen Dating Violence Youth Conference: Getting the Conversation Started!

In recognition of National Teen Dating Violence Awareness Month, WomenShelter of Long Beach is hosting its third annual youth conference, Getting the Conversation Started. Youth (14-18 years old), college students, adult caregivers, and service providers are invited to join us in a safe space to get the conversation started about building healthy relationships, and consequently, communities for us to call home. The goal is to increase awareness regarding teen dating violence, the effects, and supportive resources available through interactive presentations, engaging conversations, special adult and youth workshops, and moving testimonies by
survivors.

Free admission, validated parking, raffles and giveaways, complimentary breakfast and lunch, community service learning hours, and more! To learn more about the event, and to register, please visit our website: wslb.org/TDVAM20

Arts Council for Long Beach’s Open Conversations

Open Conversations 2021 Strategic Plan:

The Arts Council wants to hear from residents about their thoughts and visions for the future of arts and culture in Long Beach.

We have embarked on a planning process that is informed by public input and will determine our work over a 5 year period, starting in 2021. It is critical that we have as many voices in our process and our goal is to host at least 100 individuals per meeting, intentionally aiming to ensure inclusive and equitable participation for all Long Beach communities.

Open Conversations are informal events where the Arts Council brings people together to discuss arts issues.
