Female Fridays: Tea with Alice and Me

In celebration of the LB Suffrage Centennial, we are launching Female Fridays! Join us every first Friday of each month, starting in March and running through August, as we recognize and celebrate remarkable women throughout history.

Tea With Alice and Me
A Solo Show performed & written by Zoe Nicholson (show starts at sunset and runs about 90 mins)

This is the story of the power that collects when women gather. It is, what Zoe calls, Applied History. Ladies, drawn together for tea, ventured from the parlor onto the street and saw their power explode. From the 5 ladies of 1848 who held a meeting in Seneca Falls to the millions who march all over the world, women together cannot be stopped.

Tea with Alice and Me is no history lesson, it is a call to action. Zoe has sifted through what works and how change occurs. This show is the long view of women’s culture as politic. It is never finished. It is dynamic. Zoe is constantly expanding it to include yesterday, today and tomorrow.
