PINE & PROMENADE

PINE & PROMENADE

The walk in the Downtown core touches a number of neighborhoods while going through the entertainment district of Long Beach, to experience art and architecture as well as great food & beer.

DISTANCE 2.4 MILES

DIFFICULTY ●●●●●

Depart from the forecourt of the **LOS ANGELES COUNTY COURTHOUSE** eastbound on Broadway past the **1 LONG BEACH CIVIC CENTER**. The embodiment of International Style Architecture, the complex has fittingly starred in science fiction favorites such as Star Trek, Battlestar Galactica and Power Rangers. Next is **PINE AVENUE**, the culinary center of Long Beach including local favorites La Opera, George's Greek Cafe, & some upstart restaurants with Latin American flavors. After heading south to Ocean Boulevard, turn left to **2 THE PROMENADE**. This lushly landscaped pedestrian street is flanked by several parks including **HARVEY MILK PARK** at the terminus. It also has a comprehensive public art program crowned by a WPA era mural, **3 LONG BEACH RECREATION** by artists Henry Nord, Albert King, and Stanton Macdonald-Wright. Sample the microbrewery offerings along these three blocks, including Congregation & Beachwood BBQ. Continue north on Pine into the historic Downtown retail district past a half-dozen former department stores including **WALKER, NEWBERRY** and **KRESS**, of which have been repurposed as high-end lofts. Upon reaching 7th Street, make a short loop around Locust Avenue to explore the **4 NORTH PINE NEIGHBORHOOD** including the Temple Lofts, Renaissance Performing Arts High School and International School, designed by famed architect Thom Mayne. Heading back south along Pacific Avenue & Cedar Avenue will pass an evolution of apartment architecture, spanning the 20th Century. At the corner of 3rd Street & Cedar Avenue are some of the city's most significant structures with the **5 FIRST CONGREGATION CHURCH, WILMORE** and **CALIFORNIAN**. Complete this loop, walking west on 3rd Street until reaching Magnolia Avenue.
