b. Block By Block

a. Staff

b. Collaborative Meetings

b. April Meeting

What types of services does the [City](#) provide for people experiencing homelessness?

The [City](#) offers extensive resources and services to people who are experiencing homelessness. The [City](#) is committed to helping every person who is experiencing homelessness find permanent, safe and supportive housing, among other resources. While it often takes many visits by outreach workers before a person accepts services, we understand that it takes time to build trust in our unhoused communities. Offered City services include:

- Outreach to connect and address basic needs for people who are experiencing homelessness
- Homeless prevention to support people who [are](#) imminent risk of homelessness in remaining housed
- Congregate shelters: Atlantic Bridge Community (ABC), Long Beach Rescue Mission, Project Achieve, Winter Shelter
- Non-Congregate shelters for people who qualify: two Project [Roomkey](#) sites and the three Project [Homekey](#) sites in Long Beach and limited motel vouchers
- Screening into our system so that people can be [considered for](#) permanent housing resources and supportive sources as they become available
- Support applying for public benefits such as Medi-Cal, General Relief and SSI
- Linkage with job programs, such as Goodwill and Pacific Gateway
- Linkage with mental health and substance abuse services available in Long Beach
- Safe parking so that people [are able to](#) park overnight with available restrooms and on-site security
- Basic services as needed such as being able to receive mail and take a shower

What do I do if someone who appears to be experiencing homelessness is on my property?

If any person is trespassing on your property, you may call the city's non-emergency phone tree at (562) 435-6711 or 9-1-1 for emergencies.

If someone is sleeping outside of my business or in the doorway of my business, what should I do?

People sometimes sleep in front of doorways to be able to get out of the elements as well as [ensuring](#) they are not blocking the sidewalk. If the person is blocking your ability to get into the business, you can try to engage them from a distance without trying to startle them. It can be helpful to introduce them and let them know that you are the owner or work within the [business](#) and you are trying to get into your business. If you want tips on engaging and working to link people to services, see other FAQs for suggestions.

If the person has been sleeping in front of your business for multiple nights you can request outreach services through HomelessServices@LongBeach.gov or by calling (562) 570-4672 (4MSC).
