**What would you like to achieve as a director?**

I'm new to Long Beach and I'm eager to get involved and learn as much as possible of my new city. I've always believed in public service and taking care of my community, especially on a grassroots level. As a homeowner in DTLB, I'm proud and excited for the growth I see every day. As a director, I want to

continue the work that has been put in place and then take it to the next level. I believe we can have growth, new restaurants, new housing, entertainment, shopping, business, safety, and new parks all while preserving the local charm that mom and pop stores provide. Shortly after moving, I found the DTLB strategic plan (Vision 2020) and quickly grew excited for the future. I want to be a part of the team to continue accomplishing the goals of the plan, and work to ensure they are maintained. I feel that my background (see resume attached) prepares me for any of the committees listed and I have checked them all because I'd be grateful to serve on any of them. Thank you for your consideration.
