Welcome to DTLB, one of the most bike-friendly cities in the USA!

Biking is easy here. It’s also an inclusive community that welcomes everyone — your downtown, our downtown, one downtown. We invite you to explore our distinct neighborhoods, parks, museums, murals and numerous attractions, including the shoreline and waterfront. There is a lot for you to experience, including plenty of options for food and drink along the way. We developed a few suggested routes, but we encourage you to create some new ones. Enjoy your ride and stay safe!

**BIKE SAFETY TIPS**

**STAY FOCUSED AND AVOID DISTRACTIONS**
Whether you drive a car or ride a bike, it’s illegal to talk on a cell phone while driving. Wearing headphones that cover both ears is also prohibited.

**BE PREDICTABLE AND USE HAND SIGNALS**
Bicyclists should follow the same rules as if they are driving a car, such as signaling before making turns.

**BE VISIBLE DAY AND NIGHT**
At night, bicyclists must, by law, turn on a white headlight and use side and rear reflectors. A rear-facing red LED light is recommended.

**SAME ROAD, SAME RULES, SAME RIGHTS**
The CA Vehicle Code grants motorists and bicyclists the same rights and responsibilities on public streets—both are responsible for obeying the rules of the road.

**REWARD OF THE “DOOR ZONE”**
Bicyclists should allow at least 5 feet or more clearance while riding, alongside parked cars to avoid the “Door Zone.”

**RIDE WITH THE FLOW OF TRAFFIC**
Bicyclists must travel with the flow of traffic. It’s the law, and it helps bicyclists to be seen and predictable to motorists and pedestrians.

**RED MEANS STOP**
Traffic signals and stop signs.

Motopists and bicyclists must stop at red lights and stop signs and roll over stop signs to those who arrive first.
