

Using Canva to add a Dine Out DTLB social media frame to a photo:

Step 1: Click “Create a design” in the top right corner and select your desired photo size.

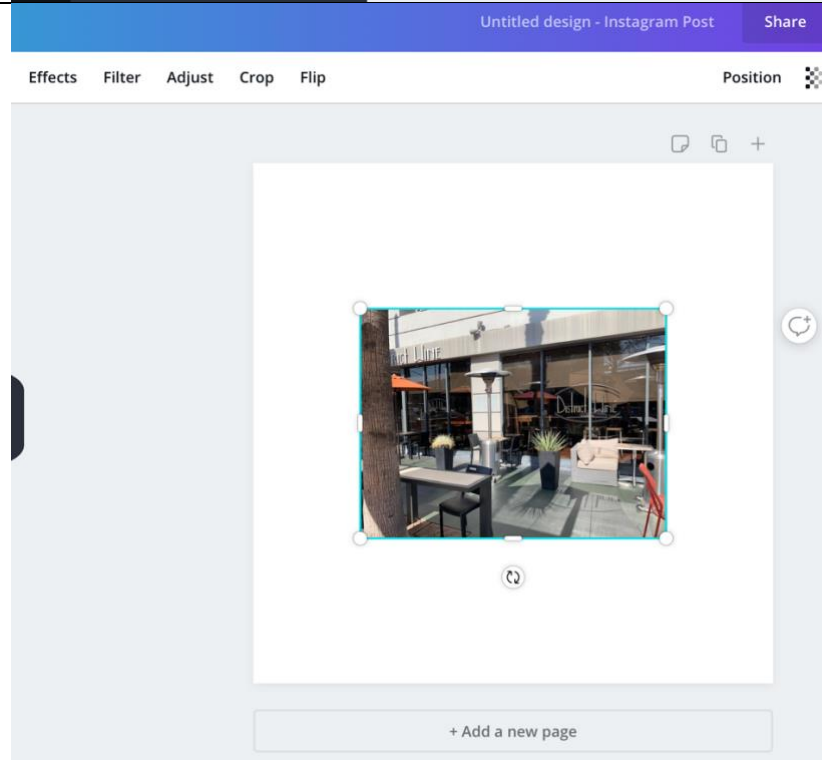

NOTE: We have provided a square frame (ideal for Facebook or Instagram Posts) a vertical rectangular frame (ideal for Instagram Stories), and a horizontal rectangular frame (for Twitter).

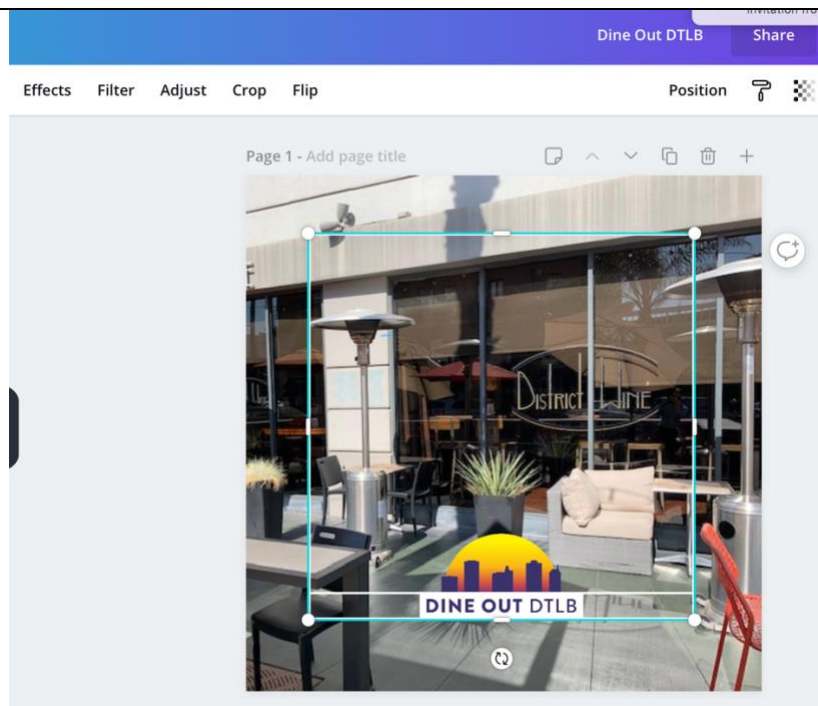

Step 2: Select “Uploads” on the left side of the screen to upload your desired photo.

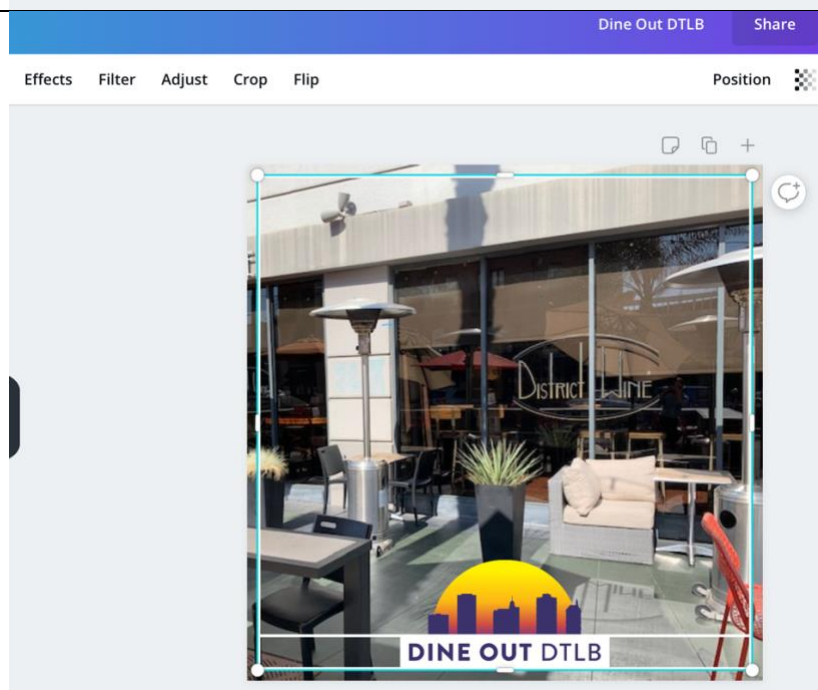

Step 3: Resize your photo to fit the artboard.

Step 4: Upload the Dine Out DTLB frame.

Step 5: Resize the Dine Out DTLB Frame to your desired proportions. You can then drag the frame to center it in your photo.

Once you are happy with the results, select “Download” in the top right corner to save your new file.

Using Photoshop to add the Dine Out DTLB frame to your photo:

Create two layers, one with the photo and one with the frame, and place the frame layer on top of the photo layer. Save as a JPG.
