Dear DLBA Board Development Committee,

As I sat in May's board meeting, hearing what had been accomplished since the previous meeting and what is on the plate for the next couple of years, I decided that I did indeed want to be involved for the next term. I am very proud of what the DLBA has accomplished during the current term and want to help that continue. Thank you for considering my application.

I have been a downtown stakeholder for the last eight years. I believe that the direction that the DLBA is leading is the right direction and that it is being implemented in phases that are well planned and in sync with what the stakeholders are requesting. I feel I can continue to contribute by providing leadership and communication to the board and the stakeholders.

Thanks again for your consideration,

Hilda Sanchez
