

Irene Presentine, Programming Assistant

Irene serves as the Programming Assistant for the Downtown Long Beach Alliance, providing administrative support, programming assistance, and event coordination across the DTLB Alliance departments. A Long Beach native, she holds a BA in English Rhetoric and Composition and a certificate in Technical and Professional Writing from CSULB. Irene brings a background in remote technical writing, with experience in data science, public policy, and consumer technology. In her spare time, she enjoys photographing Downtown Long Beach buildings and volunteering at Feline Good Social Club.
