

## Koda Strider, Administrative Assistant

Koda Strider supports the General Manager with organization objectives while helping to enhance the general administrative functions of DLBA. Originating on the East Coast but working hard to make it in sunny California, they bring a solid resume of office management, scheduling, and other work experience as well as a passion for organization and attention to detail that is critical to the needs of a fast-paced office such as the DLBA's. They have a strong love of taking visits to the aquarium, making crafts, and rambling about their sweet cats GG and Goblin to anyone who will listen.
