

No Trespassing Program Fact Sheet

DLBA is encouraging businesses and property owners to sign up for the No Trespassing Program, which authorizes patrol officers to engage trespassers on private property (parking lots, patios, parklets) without the presence of an owner or property representative on site and to effect an arrest upon their refusal to leave or upon return. This authorization is particularly important during the graveyard shift when it is unlikely that an owner or property representative can be reached. Click [here](#) to read the steps required to participate in the program and to download associated documents. To participate, business/property owners must take the following steps:

1. Purchase and post [Penal Code 602 No Trespassing](#) signs, which are available the Downtown Long Beach Alliance. Contact the Clean and Safe Team at (562) 244-1365 to request signs.
2. Download and sign [this form](#) allowing LBPD to make a private person's arrest on their behalf.
3. Send the completed form to LBPD South Division Liaison, Gina Ornelas, at Gina.Ornelas@longbeach.gov along with confirmation that the signs have been installed.

LBPD will visit the business to take pictures confirming signage for their files. A business or property will be entered into LBPD South Division's database for patrol officers to access in the field. LBPD South Division will keep the form on file for one year. However, owners are encouraged to continue notifying LBPD (via 911 or 562-435-6711) of any trespassing and/or vandalism not observed by LBPD at the time and include whether there is video.

Should owners have any technical questions about the No Trespassing Program or signage, please do not hesitate to contact Ornelas at Gina.Ornelas@longbeach.gov or 562-570-7564. And as always, owners with any questions about DLBA's Clean and Safe program may contact DLBA COO, Broc Coward, at brocc@dlba.org or (562) 485-1080.
