

Quiara Grey, Homeless Outreach Coordinator

Quiara Grey serves as the Homeless Outreach Coordinator at the Downtown Long Beach Alliance. She has dedicated her life to the betterment of the community and is excited to bring her passion and knowledge to Downtown Long Beach!

Prior to joining the DTLB Alliance, she served the unhoused population in both Orange County and the Inland Empire. She has been diligent in securing stable living in the form of shelter, permanent housing, and reunification for over 300 individuals.

Being a resident of Long Beach for two years has shown her the immense support that our unhoused community truly needs. She hopes to revitalize our Downtown, leading with her heart first, to enhance the lives of this vulnerable population while educating our community along the way!
