What you would like to achieve as a Director:

I have been a committee member for the DLBA Economic Development Committee for the past two years and since that time we as a committee have implemented some amazing programs that are geared towards providing education for small business owners, providing grants for women owned businesses and new entrepreneurs, and providing funding options for businesses through our partnership with the City of Long Beach and Kiva. I would love to continue working on improving our Economic footprint in the Downtown area. Secondly, I would love to put my skills to use in other committees such as the finance committee.

I am interested in serving on the following DLBA Committees:

- Economic Development
- Finance
